

Transportation

MAJOR AIRPORTS

Most visitors hunting at Groat Creek Outfitters will typically fly into the Edmonton International Airport (YEG)

This airport is located centrally for those hunting in central and northern Alberta.

TRANSPORTING YOUR GAME & TROPHIES HOME

Exporting your game (i.e. antlers, hide, meat, etc.) from Canada is relatively simple procedure as long as you claim this as personal baggage.

Your hunting license will act as your export permit so keep it with you as you leave Canada.

In the majority of cases you will also need to fill out a U.S. Import Form. Although this can be picked up at Customs, the process is expedited if this form is filled out in advance.

We will do our best to assist you with any necessary documentation.

Note: Different species have different requirements.
